Masculinity modernist form and the ends of empire in
April 1st, 2020 - The study traces the development of Woolf’s methods for fictional representation of masculinity. It argues that chief among her narrative strategies for defamiliarising the public world of men and for bringing male characters into critical perspective is her use of autoethnography. Pratt 1992, the most explicit statement of Woolf’s construction of masculinity is in the polemical pacifist.
